

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

Read to Succeed!	K-3	Rachna Patel	Monday	9:20am-10:30am	\$100	4	10/12/20	11/2/2020
-------------------------	------------	---------------------	---------------	-----------------------	--------------	----------	-----------------	------------------

Read to Succeed...With Fun Indeed! Phonetics, Letters, Sight Words, Vocab, Spelling, Comprehension, Presentations, and Interactive Games....learn to read through fun and highly motivating activities! Lessons will be customized to your child's reading level! For more information, you may reach me at patelrp1986@gmail.com

Language Smarts - Grammar	K-3	Ilene Marks	Monday	10:40am-11:50am	\$200	8	10/12/20	12/14/2020
----------------------------------	------------	--------------------	---------------	------------------------	--------------	----------	-----------------	-------------------

Enhance essential skills with this literacy and critical thinking program designed to improve a student's grammar, reading, spelling, punctuation, writing & creativity. The three sessions are scaffolded to build stronger language and communication skills. Activities enhance problem solving & public speaking. Students use their own Language Smarts workbook to be purchased before class. Fun while learning! Small class, lots of individual attention.

FYI - Session 2 consists of 8 classes for consistency. Workbook \$30 can be used in the fall and spring (1 year curriculum).
 PLEASE NOTE: If your child is K-1 let's chat first before registering. Students in this class are already reading and this class enhances their skills and explains concepts. I can create a beginner's class if a few children are interested. Please contact Ilene at highlowmusic@yahoo.com for more information or to explain what your child needs.

A.T.O.M. Science Club	2-3	Madame Atom	Monday	10:40am-11:50am	\$170	4	10/12/20	11/2/2020
------------------------------	------------	--------------------	---------------	------------------------	--------------	----------	-----------------	------------------

A.T.O.M. Science Club is an exciting adventure club. Members discover the incredible connections among atoms, molecules, living organisms, and our universe. Through hands-on experiments and more we study chemistry (atoms), physics (energy and matter and how they interact), biology (life study), and astronomy (the universe). This scientific foundation gives a solid understanding of science and love of learning that stays with them for a lifetime.

Visit the website www.atomscienceclub.com.

Crunchin' #'s With Math Games	K-3	Rachna Patel	Monday	12:30pm-1:30pm	\$100	4	10/13/20	11/3/2020
--------------------------------------	------------	---------------------	---------------	-----------------------	--------------	----------	-----------------	------------------

Students will be actively involved in learning - and will have a blast! This will be an exciting class where students will learn critical thinking and mathematical reasoning in the context of games, stories and puzzles. You will soon notice how your kiddos think and respond to new ideas! My goal is to provide repeated opportunities for students to play games, and then let the mathematical ideas emerge as they notice new patterns, relationships, and strategies. For more info: patelrp1986@gmail.com

Drawing, Sketching and Pastels	Middle-High Mr. Green	Monday	1:20pm-2:20pm	\$105	4	10/12/20	11/2/2020
---------------------------------------	------------------------------	---------------	----------------------	--------------	----------	-----------------	------------------

Drawing is intense observation, without the ability to study an object, students will not be able to accurately draw the object. In the class students will receive instruction, demonstrations and opportunities to work with different types of paper surfaces and medium. Starting with basic concepts including negative space, line, form, and color theory, they will move on to practice techniques such as shading, texture, and perspective to add dimension and depth to their work.

This is an ongoing class and will be offered for all three sessions of this semester.

Anatomy With a Fun Twist	4-Middle	Rachna Patel	Monday	1:40pm-2:40pm	\$100	4	10/12/20	11/2/2020
---------------------------------	-----------------	---------------------	---------------	----------------------	--------------	----------	-----------------	------------------

Feeling tired? Hungry? Aching? Sinuses? Being familiar with the Human Anatomy is very important. Through fun hands-on activities, grasp a better understanding of how and why your body does what it actually does! Dress up in Doctor coats, learn the different body systems as you do intriguing hands-on activities related to each! Create a cool colorful medical t-shirt through Chromatography, a process used in the pharmaceutical world!

D.A.C. Draw Amazing Cartoons	2-5/6	Mr. Green	Monday	2:30pm-3:30pm	\$105	4	10/12/20	11/2/2020
-------------------------------------	--------------	------------------	---------------	----------------------	--------------	----------	-----------------	------------------

The students will begin by creating a cartoon charactermaybe someone they know or someone made up. We will give life to the character through the surrounding, story, mapping a plot. Drawing storyboards. Mastering expressive typography. In this fun class, students will learn the complete set of techniques needed to illustrate compelling characters and stories, just like the ones in their favorite graphic novels. The emphasis will be on humor and positive attitudes, nothing inappropriate.....my rule is if it's okay with your Mom it's okay with me.

This is an ongoing class and will be offered for all three sessions of this semester.

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

Human Brain	4-High	Madame Atom	Monday	2:50pm-3:50pm	\$170	4	10/12/20	11/2/2020
--------------------	---------------	--------------------	---------------	----------------------	--------------	----------	-----------------	------------------

Human Brain

We will study the brain by first learning how it's smallest unit, the brain cell, works. We will learn about the parts of the brain and study what each part does. We will marvel over the 5 senses and understand how they work together to enable us to perceive the world around us. Finally you will learn about your own learning style, explore thinking, learning, and memory and then discuss how you can best use your own brain most effectively when you study!

Wild Earth	2-5/6	BEan Nature Team Monday	3:00pm-4:30pm	\$160	4	10/12/20	11/2/2020
-------------------	--------------	--------------------------------	----------------------	--------------	----------	-----------------	------------------

This is our elemental course taught by our amazing Earth Educator Kelsey, in wilderness nature connection.

We will have interactive creative nature I SPY, Bird Id and Bird language, Urban Wild Skills; Wild Team Building; Sit Spot Connection; Nature Awareness games; and Stories!

Wild Skills and Wild Crafts with one skill offered weekly! We will send out materials list before each virtual class, with simply materials needed.

Students will learn engage in a variety of lessons: knot tying, natural dyes, suburban tinder/fire materials collection, egg carton gardens, DIY nature journal, flower pressing, homemade ice cream, fire kit bag sewing, Sit Spot Awareness, connection and mapping.

This course will be taught by our amazing Earth Educator Kelsey with drop ins by Marisa Bean!

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

Ancient Mesopotamia **Middle** **Liqa Moin** **Mon & Wed 10:40am-11:50am** **\$125** **4** **10/12/20** **11/2/2020**

In this course, students will learn about the emergence of the first major civilizations in the Fertile Crescent of modern-day Iraq - Mesopotamia. Together, we will learn about the importance of farming and geography to the development of the first city-states. Each class, we will focus on one of the essential components of a civilization's JIGSAW; J = specialized jobs, I = infrastructure. G = gods and religion, S = system of government, A = art, and W = writing.

Feel free to email me any questions that you have @ minduptutor@gmail.com.

Science of Wellness **Middle-High** **Liqa Moin** **Mon & Wed 1:40pm-2:40pm** **\$125** **4** **10/12/20** **11/2/2020**

We will ask ourselves the question, "What makes us happy", and examine what research says about what people traditionally think brings them happiness - money, prestige and stuff. We will also learn techniques which have been proven to bring about happiness: gratitude, mindfulness and being of service to others and find ways to incorporate them into our lives.

This will be an interactive course where students are engaged in conversation and encouraged to ask questions and make connections to the content presented.

Feel free to email me if you have any questions @ minduptutor@gmail.com.

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

Read to Succeed!	K-3	Rachna Patel	Tuesday	9:20am-10:20am	\$100	4	10/13/20	11/3/2020
-------------------------	------------	---------------------	----------------	-----------------------	--------------	----------	-----------------	------------------

Read to Succeed...With Fun Indeed! Phonetics, Letters, Sight Words, Vocab, Spelling, Comprehension, Presentations, and Interactive Games....learn to read through highly motivating activities! -------------------------------------	--------------	------------------	-------------------------------	--------------	----------	-----------------	------------------

The students will begin by creating a cartoon charactermaybe someone they know or someone made up. We will give life to the character through the surrounding, story, mapping a plot. Drawing storyboards. Mastering expressive typography. In this fun class, students will learn the complete set of techniques needed to illustrate even compelling manga characters and stories just like the ones in their favorite graphic novels. The emphasis will be on humor and positive attitudes, nothing inappropriate.....my rule is if it's okay with your Mom it's okay with me.

This is an ongoing class and will be offered for all three sessions of this semester.

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

Voice Over	4-Middle	Scott Gentile	Tuesday	12:30pm-1:30pm	\$80	4	10/13/20	11/3/2020
-------------------	-----------------	----------------------	----------------	-----------------------	-------------	----------	-----------------	------------------

Come out and learn the elements of voice over, also known as voice acting! We will explore and read different types of copy, including commercial, animated character work, and audio drama. Readings will be recorded and played back, so that students and instructor can give productive feedback. We may explore some accents and dialects, as well! Class is suitable for both continuing v.o. students from session 1, and new students.

Evolving Einstein's Trivia	4-Middle	Rachna Patel	Tuesday	12:30pm-1:30pm	\$100	4	10/13/20	11/3/2020
-----------------------------------	-----------------	---------------------	----------------	-----------------------	--------------	----------	-----------------	------------------

It's time to find out if you are indeed "smarter than a fifth grader"! Test your knowledge and skills through interesting facts and by competing in various types of challenges! This class will help increase students' knowledge, speed, efficiency, and overall test-taking skills. The idea is to boost their confidence and motivation to acquire new knowledge. Some will be facts; others will be riddles to solve. Will YOU be the next Einstein??? Come and find out!

Playwriting--Short Form	4-Middle	Scott Gentile	Tuesday	1:40pm-2:40pm	\$80	4	10/13/20	11/3/2020
--------------------------------	-----------------	----------------------	----------------	----------------------	-------------	----------	-----------------	------------------

We will be exploring the basic elements of playwriting, and will be writing short (mostly 10-minute) plays, some generated by writing prompts. The writing will generally be expected to be done outside of class; in class (online), we will take turns reading/"performing" each others' plays, and offering each other constructive feedback for edits and improvements. This is a fun way to jump into the world of playwriting, or to continue your growth, if you've already made the initial leap! Open to both continuing students, and new students.

Join the Mission to Mars	4-High	Madame Atom	Wednesday 12:30pm-1:30pm	\$170	4	10/14/20	11/4/2020
---------------------------------	---------------	--------------------	---------------------------------	--------------	----------	-----------------	------------------

NASA is preparing for its great adventure on the mysterious and amazing red planet, Mars! As excitement builds in advance of this monumental achievement, A.T.O.M. Science Club will conduct a special online program that will allow students and their families to participate in this adventure. You will learn how to use NASA online tools to explore the surface of Mars as seen through the eyes of many scientific instruments in orbit around Mars and to see how NASA plans for future missions.

Come meet the Particle Zoo!	4-5/6	Madame Atom	Wednesday 2:50pm-3:50pm	\$170	4	10/14/20	11/4/2020
------------------------------------	--------------	--------------------	--------------------------------	--------------	----------	-----------------	------------------

Physics Fun, Come meet the Particle Zoo!

What are the tiniest bits of matter that make up both humans and our universe? Journey into the subatomic world and marvel at different "super powers" of the particles, for example electrons, energetic particles they can pop into and out of existence! Then, going even smaller yet, we'll learn about a very quarky group. This study of quantum mechanics, the "tiniest bits" of matter, is guaranteed to leave a "huge impression"!

Art Drawing	K-1	Mr. Green	Thursday 1:40pm-2:40pm	\$105	4	10/15/20	11/5/2020
<p>A great class for the young budding artist. Lots of room for visual exploration imagination and creativity . I will be asking students for subject matter ideas. We will learn to draw two and three dimensional shapes and improve motor skills Attention will be given to first draw soft and light, this will help in their ability to edit the needed changes. The students will follow my step by step instructions to complete the desired drawing. The last half of the class I will instruct on coloring and adding their personal touches to their individual pieces.</p> <p>This is an ongoing class and will be offered for all three sessions of this semester.</p>							
The Powerful Purple Pencil	K-3	Rachna Patel	Thursday 1:40pm-2:40pm	\$100	4	10/15/20	11/5/2020
<p>Hold on Tight as you learn to Write & Recite! Turn on your imagination & create crafty projects while writing about your favorite animals! Play fun games while learning phonetics, letters, vocabulary, speech, & penmanship. Before you know it, kiddos will end up with their very own illustrated "Great Big Book of Animals!" ***Engage in and exciting Buzzer Trivia game on animal facts for a chance to win an awesome Safari Trophy! For more info, email patelrp1986@gmail.com</p>							
Drawing Sketch and Pastels	Middle-High	Mr. Green	Thursday 3:00pm-4:00pm	\$105	4	10/15/20	11/5/2020
<p>Drawing is intense observation, without the ability to study an object, students will not be able to accurately draw the object. In the class students will receive instruction, demonstrations and opportunities to work with different types of paper surfaces and medium. Starting with basic concepts including negative space, line, form, and color theory, they will move on to practice techniques such as shading, texture, and perspective to add dimension and depth to their work.</p> <p>This is an ongoing class and will be offered for all three sessions of this semester.</p>							

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

Music and stories circle time	K-1	Becky Beaudoin	Thursday	9:30am-11:00am	\$90	4	10/15/20	11/5/2020
--------------------------------------	------------	-----------------------	-----------------	-----------------------	-------------	----------	-----------------	------------------

This class combines my favorite parts of my music class and my stories and art class. We will sing songs, play rhythm games and learn the basics of music during the first half of the class. We will read a story, do some art, discuss the book and have show and tell time during the second half of class. The class has a 10 minute break in the middle, children may attend the first half, the second half or both depending on their attention span.

Human Evolution	4-Middle	Madame Atom	Friday	10:40am-11:50am	\$170	4	10/16/20	11/6/2020
------------------------	-----------------	--------------------	---------------	------------------------	--------------	----------	-----------------	------------------

Human Evolution

Our planet is about 4.7 Billion years old. Life began as a single cell, when and how did it began? How is it possible that humans, complex multi-cellular beings, are now alive and thriving on Earth? This is an amazing story Physical Anthropologists are trying to figure out. Come take a journey through time, starting with molten Earth, study the evidence, and come up with your own hypothesis regarding who our early ancestors are.

Ballet Fun	2-Middle	Michelle Cardoza	Friday	12:30pm-1:30pm	\$75	4	10/16/20	11/06/2020
-------------------	-----------------	-------------------------	---------------	-----------------------	-------------	----------	-----------------	-------------------

This class is for beginning students of ballet and also those who have had previous experience of ballet, but would rather be on an online setting. Ages taught in this class are 7-12. Students can wear ballet attire including leotard and tights and/or skirt or clothes that are comfortable but form fitting such as leggings and a t-shirt. If the minimum number of students isn't reached, I will still offer the class at a reduced time: One student for 30 min, two students for 45 min, and three students for the full hour.
