

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

Read to Succeed!	K-3	Rachna Patel	Monday	9:20am-10:30am	\$100	4	11/16/20	12/14/2020
-------------------------	------------	---------------------	---------------	-----------------------	--------------	----------	-----------------	-------------------

Read to Succeed...With Fun Indeed! Phonetics, Letters, Sight Words, Vocab, Spelling, Comprehension, Presentations, and Interactive Games....learn to read through fun and highly motivating activities! Lessons will be customized to your child's reading level! For more information, you may reach me at patelrp1986@gmail.com

A.T.O.M. Science Club	2-3	Madame Atom	Monday	10:40am-11:50am	\$170	4	11/16/20	12/14/2020
------------------------------	------------	--------------------	---------------	------------------------	--------------	----------	-----------------	-------------------

A.T.O.M. Science Club is an exciting adventure club. Members discover the incredible connections among atoms, molecules, living organisms, and our universe. Through hands-on experiments and more we study chemistry (atoms), physics (energy and matter and how they interact), biology (life study), and astronomy (the universe). This scientific foundation gives a solid understanding of science and love of learning that stays with them for a lifetime.

Visit the website www.atomsclub.com.

Crunchin' #'s With Math Games	K-3	Rachna Patel	Monday	12:30pm-1:30pm	\$100	4	11/16/20	12/14/2020
--------------------------------------	------------	---------------------	---------------	-----------------------	--------------	----------	-----------------	-------------------

Students will be actively involved in learning - and will have a blast! This will be an exciting class where students will learn critical thinking and mathematical reasoning in the context of games, stories and puzzles. You will soon notice how your kiddos think and respond to new ideas! My goal is to provide repeated opportunities for students to play games, and then let the mathematical ideas emerge as they notice new patterns, relationships, and strategies. For more info: patelrp1986@gmail.com

A.T.O.M. Science Club	Middle-High	Madame Atom	Monday	12:30pm-2:40pm	\$250	4	11/16/20	12/14/2020
------------------------------	--------------------	--------------------	---------------	-----------------------	--------------	----------	-----------------	-------------------

Drawing, Sketching and Pastels	Middle-High	Mr. Green	Monday	1:20pm-2:20pm	\$105	4	11/16/20	12/14/2020
---------------------------------------	--------------------	------------------	---------------	----------------------	--------------	----------	-----------------	-------------------

Drawing is intense observation, without the ability to study an object, students will not be able to accurately draw the object. In the class students will receive instruction, demonstrations and opportunities to work with different types of paper surfaces and medium. Starting with basic concepts including negative space, line, form, and color theory, they will move on to practice techniques such as shading, texture, and perspective to add dimension and depth to their work.

This is an ongoing class and will be offered for all three sessions of this semester.

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

ZOOM Games and Improv	2-5/6	Ilene Marks	Monday	1:30pm-2:30pm	\$95	4	11/16/20	12/14/2020
------------------------------	--------------	--------------------	---------------	----------------------	-------------	----------	-----------------	-------------------

Enjoy games, improv. and pantomime with friends. We might not be together but we can laugh, act, cheer and inspire each other. Students will use their imagination to enhance scenes, create a news broadcast and play word and/or action theater games. Light class but educational and fun!

Anatomy With a Fun Twist	4-Middle	Rachna Patel	Monday	1:40pm-2:40pm	\$100	4	11/16/20	12/14/2020
---------------------------------	-----------------	---------------------	---------------	----------------------	--------------	----------	-----------------	-------------------

Feeling tired? Hungry? Aching? Sinuses? Being familiar with the Human Anatomy is very important. Through fun hands-on activities, grasp a better understanding of how and why your body does what it actually does! Dress up in Doctor coats, learn the different body systems as you do intriguing hands-on activities related to each! Create a cool colorful medical t-shirt through Chromatography, a process used in the pharmaceutical world!

D.A.C. Draw Amazing Cartoons	2-5/6	Mr. Green	Monday	2:30pm-3:30pm	\$105	4	11/16/20	12/14/2020
-------------------------------------	--------------	------------------	---------------	----------------------	--------------	----------	-----------------	-------------------

The students will begin by creating a cartoon charactermaybe someone they know or someone made up. We will give life to the character through the surrounding, story, mapping a plot. Drawing storyboards. Mastering expressive typography. In this fun class, students will learn the complete set of techniques needed to illustrate compelling characters and stories, just like the ones in their favorite graphic novels. The emphasis will be on humor and positive attitudes, nothing inappropriate.....my rule is if it's okay with your Mom it's okay with me.

This is an ongoing class and will be offered for all three sessions of this semester.

Entrepreneurs of Tomorrow	2-5/6	Rachna Patel	Monday	2:50pm-3:50pm	\$100	4	11/16/20	12/14/2020
----------------------------------	--------------	---------------------	---------------	----------------------	--------------	----------	-----------------	-------------------

Learn how to become a successful entrepreneur with topics in ideation, business management, new venture creation, how to identify entrepreneurial opportunities, and much more!

Put your ideas into action! Create a website, marketing strategies, and learn what you need to do to be a successful entrepreneur! I am personally an Entrepreneur who started up this art & academic club, formulated and trademarked an oil to heal arthritis (EliminAche), paint customized wall art/t-shirts/coasters, make cakes, and plan/host events for people! Let's see what you can innovate!

Human Brain	4-High	Madame Atom	Monday	2:50pm-3:50pm	\$170	4	11/16/20	12/14/2020
--------------------	---------------	--------------------	---------------	----------------------	--------------	----------	-----------------	-------------------

Human Brain

We will study the brain by first learning how it's smallest unit, the brain cell, works. We will learn about the parts of the brain and study what each part does. We will marvel over the 5 senses and understand how they work together to enable us to perceive the world around us. Finally you will learn about your own learning style, explore thinking, learning, and memory and then discuss how you can best use your own brain most effectively when you study!

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

Ancient Egypt	Middle	Liqa Moin	Mon & Wed 10:40am-11:50am	\$125	4	11/16/20	12/14/2020
----------------------	---------------	------------------	--------------------------------------	--------------	----------	-----------------	-------------------

In this course, students will learn about the emergence of one of the first major civilizations in history - ancient Egyptian civilization. Together, we will learn about how life thrived along the fertile Nile River. Each class, we will focus on one of the essential components of a civilization's JIGSAW; J = specialized jobs, I = infrastructure. G = gods and religion, S = system of government, A = art, and W = writing.

Feel free to email me any questions that you have @ minduptutor@gmail.com.

Hip-Hop/Street Dance (K-5/6)	K-5/6	Alejandro Flores	Tuesday 9:20am-10:20am	\$80	4	11/17/20	12/15/2020
-------------------------------------	--------------	-------------------------	-------------------------------	-------------	----------	-----------------	-------------------

We are now offering Hip-Hop/Street Dance ONLINE! Come learn the fundamentals of hip-hop/street-dance: popping, locking, and breaking. We will be learning the moves/vocabulary along with dance history and culture. Class is filled with fun exercises and activities to help spark their creativity and build community within the classroom! By the end of the course, our goal is to build confidence to express themselves through freestyle and memorization skills through dance routines/choreography. Children ages 5 -10 will fit right into this class. Please bring loose fitted clothes (sweats, shorts, t-shirt, and tennis shoes) and some water. Feel free to email Alex at princaalifreez@gmail.com if you have any questions!

Drawing Sketch and Pastels	4-High	Mr. Green	Tuesday 9:20am-10:20am	\$105	4	11/17/20	12/15/2020
-----------------------------------	---------------	------------------	-------------------------------	--------------	----------	-----------------	-------------------

Drawing is intense observation, without the ability to study an object, students will not be able to accurately draw the object. In the class students will receive instruction, demonstrations and opportunities to work with different types of paper surfaces and medium. Starting with basic concepts including negative space, line, form, and color theory, they will move on to practice techniques such as shading, texture, and perspective to add dimension and depth to their work.

This is an ongoing class and will be offered for all three sessions of this semester.

Not so trivial History	K-1	Tiffany Nyberg	Tuesday 10:30am-11:30am	\$90	4	11/17/20	12/15/2020
-------------------------------	------------	-----------------------	--------------------------------	-------------	----------	-----------------	-------------------

Learn history through fun games and trivia. We will cover major technological events in history and what they have done for us now. Who invented what and the impact they have made in your life. We will use an app called Kahoot and fun videos

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

Science	K-3	Scott Gentile	Tuesday 10:30am-11:30am	\$80	4	11/17/20	11/3/2020
----------------	------------	----------------------	--------------------------------	-------------	----------	-----------------	------------------

Fun, hands-on science lessons abound in this online general science class! There may be a mix of Physics, Biology, and Ecology lessons, as well as a sprinkling of Chemistry lessons. A brief scientific discussion and instructions will precede each lesson. All lessons will be ones that we can do from the safety and comfort of our own homes. Come online to join us for some scientific fun!

The Pleasures of Painting	2-Middle	Mr. Green	Tuesday 10:30am-11:30am	\$105	4	11/17/20	12/15/2020
----------------------------------	-----------------	------------------	--------------------------------	--------------	----------	-----------------	-------------------

This class is an introduction to different types of painting. There will be instruction and demonstrations with color theory, watercolor, acrylic paint. We will work different style of painting such as abstract and realistic. Subject matter will include still-life , landscapes and clothed figures. A materials list will be sent out before first the class begin the estimate price of these items is \$25.00..not included in the class.

This is an ongoing class and will be offered for all three sessions of this semester.

Hip-Hop/Street Dance (6-12)	Middle-High	Alejandro Flores	Tuesday 10:30am-11:30am	\$80	4	11/17/20	12/15/2020
------------------------------------	--------------------	-------------------------	--------------------------------	-------------	----------	-----------------	-------------------

We are now offering Hip-Hop/Street Dance ONLINE! Come learn the fundamentals of hip-hop/street-dance: popping, locking, and breaking. We will be learning the moves/vocabulary along with dance history and culture. Class is filled with fun exercises and activities to help spark their creativity and build community within the classroom! By the end of the course, our goal is to build confidence to express themselves through freestyle and memorization skills through dance routines/choreography. D.A.C. Draw Amazing Cartoons	2-5/6	Mr. Green	Tuesday 12:30pm-1:30pm	\$105	4	11/17/20	12/15/2020
-------------------------------------	--------------	------------------	-------------------------------	--------------	----------	-----------------	-------------------

The students will begin by creating a cartoon charactermaybe someone they know or someone made up. We will give life to the character through the surrounding, story, mapping a plot. Drawing storyboards. Mastering expressive typography. In this fun class, students will learn the complete set of techniques needed to illustrate even compelling manga characters and stories just like the ones in their favorite graphic novels. The emphasis will be on humor and positive attitudes, nothing inappropriate.....my rule is if it's okay with your Mom it's okay with me.

This is an ongoing class and will be offered for all three sessions of this semester.

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

Voice Over	4-Middle	Scott Gentile	Tuesday 12:30pm-1:30pm	\$80	4	11/17/20	12/15/2020
-------------------	-----------------	----------------------	-------------------------------	-------------	----------	-----------------	-------------------

Come out and learn the elements of voice over, also known as voice acting! We will explore and read different types of copy, including commercial, animated character work, and audio drama. Readings will be recorded and played back, so that students and instructor can give productive feedback. We will create characters, and may explore some accents, as well! Class is suitable for both continuing v.o. students from session 2, and new students. A separate voice recorder is useful, but not required.

Playwriting--Short Form	4-Middle	Scott Gentile	Tuesday 1:40pm-2:40pm	\$80	4	11/17/20	12/15/2020
--------------------------------	-----------------	----------------------	------------------------------	-------------	----------	-----------------	-------------------

We will be exploring the basic elements of playwriting, and will be writing short (mostly 10-minute) plays, some generated by writing prompts. The writing will generally be expected to be done outside of class; in class (online), we will take turns reading/"performing" each others' plays, and offering each other constructive feedback for edits and improvements. This is a fun way to jump into the world of playwriting, or to continue your growth, if you've already made the initial leap! Open to both continuing students, and new students.

Drawing Sketch and Pastels	4-High	Mr. Green	Tuesday 3:00pm-4:00pm	\$105	4	11/17/20	12/15/2020
-----------------------------------	---------------	------------------	------------------------------	--------------	----------	-----------------	-------------------

Drawing is intense observation, without the ability to study an object, students will not be able to accurately draw the object. In the class students will receive instruction, demonstrations and opportunities to work with different types of paper surfaces and medium. Starting with basic concepts including negative space, line, form, and color theory, they will move on to practice techniques such as shading, texture, and perspective to add dimension and depth to their work.

This is an ongoing class and will be offered for all three sessions of this semester.

Drawing Sketch and Pastels	Middle-High	Mr. Green	Wednesday 9:20am-10:20am	\$105	4	11/18/20	12/16/2020
-----------------------------------	--------------------	------------------	---------------------------------	--------------	----------	-----------------	-------------------

Book Discussion Club - Reading &	2-3	Ilene Marks	Wednesday 10:40am-11:50am	\$95	4	11/18/20	12/16/2020
---	------------	--------------------	----------------------------------	-------------	----------	-----------------	-------------------

Books, discussions, projects oh my. Students will read inspiring stories about challenges, triumphs & goals. Discussions will be thought provoking & intriguing. Projects creatively correspond to the stories. Class enhances writing, public speaking, problem solving & critical thinking skills. Book list will be sent in advance. Some books 30+ pages, yet contain deep, important, uplifting themes such as overcoming the crisis of poverty. Chapter books too as we advance over the sessions. Look forward to fabulous, creativity & engaging conversations. Fun while learning! Please consider all three sessions to make it a more well rounded experience. Please contact Ilene at highlowmusic@yahoo.com for more information

A.T.O.M. Science Club	4-5/6	Madame Atom	Wednesday 10:40am-11:50am	\$170	4	11/18/20	12/16/2020
------------------------------	--------------	--------------------	----------------------------------	--------------	----------	-----------------	-------------------

A.T.O.M. Science Club is an exciting adventure club. Members discover the incredible connections among atoms, molecules, living organisms, and our universe. Through hands-on experiments and more activities we will study chemistry (atoms), physics (energy and matter and how they interact), biology (life study), and astronomy (the universe). This scientific foundation gives a solid understanding of science and love of learning that stays with them for a lifetime

Join the Mission to Mars	4-High	Madame Atom	Wednesday 12:30pm-1:30pm	\$170	4	11/18/20	12/16/2020
---------------------------------	---------------	--------------------	---------------------------------	--------------	----------	-----------------	-------------------

NASA is preparing for its great adventure on the mysterious and amazing red planet, Mars! As excitement builds in advance of this monumental achievement, A.T.O.M. Science Club will conduct a special online program that will allow students and their families to participate in this adventure. You will learn how to use NASA online tools to explore the surface of Mars as seen through the eyes of many scientific instruments in orbit around Mars and to see how NASA plans for future missions.

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

Come meet the Particle Zoo!	4-5/6	Madame Atom	Wednesday 2:50pm-3:50pm	\$170	4 11/18/20 12/16/2020
------------------------------------	--------------	--------------------	--------------------------------	--------------	------------------------------

Physics Fun, Come meet the Particle Zoo!

What are the tiniest bits of matter that make up both humans and our universe? Journey into the subatomic world and marvel at different "super powers" of the particles, for example electrons, energetic particles they can pop into and out of existence! Then, going even smaller yet, we'll learn about a very quarky group. This study of quantum mechanics, the "tiniest bits" of matter, is guaranteed to leave a "huge impression"!

Art Drawing	K-1	Mr. Green	Wednesday 1:00pm-2:00pm	\$105	4 11/18/20 12/16/2020
--------------------	------------	------------------	--------------------------------	--------------	------------------------------

A great class for the young budding artist. Lots of room for visual exploration imagination and creativity . I will be asking students for subject matter ideas. We will learn to draw two and three dimensional shapes and improve motor skills
Attention will be given to first draw soft and light, this will help in their ability to edit the needed changes. The students will follow my step by step instructions to complete the desired drawing. The last half of the class I will instruct on coloring and adding their personal touches to their individual pieces.

This is an ongoing class and will be offered for all three sessions of this semester.

Drawing Sketch and Pastels	Middle-High	Mr. Green	Wednesday 2:00pm-3:00pm	\$105	4 11/18/20 12/16/2020
-----------------------------------	--------------------	------------------	--------------------------------	--------------	------------------------------

Drawing is intense observation, without the ability to study an object, students will not be able to accurately draw the object. In the class students will receive instruction, demonstrations and opportunities to work with different types of paper surfaces and medium. Starting with basic concepts including negative space, line, form, and color theory, they will move on to practice techniques such as shading, texture, and perspective to add dimension and depth to their work.

This is an ongoing class and will be offered for all three sessions of this semester.

Music and stories circle time K-1 Becky Beaudoin Thursday 9:30am-11:00am \$90 4 11/17/20 12/15/2020

This class combines my favorite parts of my music class and my stories and art class. We will sing songs, play rhythm games and learn the basics of music during the first half of the class. We will read a story, do some art, discuss the book and have show and tell time during the second half of class. The class has a 10 minute break in the middle, children may attend the first half, the second half or both depending on their attention span.

Human Evolution 4-Middle Madame Atom Friday 10:40am-11:50am \$170 4 11/20/20 12/18/2020

Human Evolution

Our planet is about 4.7 Billion years old. Life began as a single cell, when and how did it began? How is it possible that humans, complex multi-cellular beings, are now alive and thriving on Earth? This is an amazing story Physical Anthropologists are trying to figure out. Come take a journey through time, starting with molten Earth, study the evidence, and come up with your own hypothesis regarding who our early ancestors are.

A TEAM Online Campus - Fall 2020

A TEAM Class List (Prices are per Semester/Session)

Ballet Fun	2-Middle	Michelle Cardoza	Friday	12:30pm-1:30pm	\$75	4	11/20/20	12/18/2020
-------------------	-----------------	-------------------------	---------------	-----------------------	-------------	----------	-----------------	-------------------

This class is for beginning students of ballet and also those who have had previous experience of ballet, but would rather be on an online setting. Ages taught in this class are 7-12. Students can wear ballet attire including leotard and tights and/or skirt or clothes that are comfortable but form fitting such as leggings and a t-shirt. If the minimum number of students isn't reached, I will still offer the class at a reduced time: One student for 30 min, two students for 45 min, and three students for the full hour.

Piano lessons for 1-2 students	K-High	Ann Wolfe		TBD	\$150	4	11/19/20	12/17/2020
---------------------------------------	---------------	------------------	--	------------	--------------	----------	-----------------	-------------------

Learn how to play the piano! We will go over the basics of all the skills needed in music-- listening, playing, reading, rhythm, pitch, speed (tempo,) volume (dynamics) and find out how fun it is to make music! I use a great visual method that helps students to read music easily and personalize the lessons to fit the student's learning style and interests. I love connecting with students of all ages and seeing them grow! Up to 2 students may join in. (If you'd like 3 or more students, or if you have questions, please contact me annleewolfe@gmail.com.)
