Piano lessons	K-High	Ann Wolfe	TBD	TBD	\$200	4 Wks
----------------------	---------------	------------------	------------	------------	--------------	--------------

Learn how to play the piano! We will go over the basics of all the skills needed in music-- listening, playing, reading, rhythm, pitch, speed (tempo,) volume (dynamics) and find out how fun it is to make music! I use a great visual method that helps students to read music easily and personalize the lessons to fit the student's learning style and interests. I love connecting with students of all ages and seeing them grow! Up to 2 students may join in. (If you'd like 3 or more students, or if you have questions, please contact me annleewolfe@gmail.com.)
